*"Esoteric Acupuncture is not just for acupuncturists, but is applicable in every day life by anyone who desires to awaken their higher spiritual aspects and to live a life that is more fully attuned to the changing energy shifts of the New Millennium. You can use the principles presented in these materials as tools to assist in that awakening." Mikio Sankey*

## **A Paradigm Shift: Strengthening Wellness vs Treating Disease**

*Why try to get healthy only after you are sick?*

Esoteric Acupuncture encompasses a much broader spectrum of healing and emphasizes the Wellness Stage versus the Disease Stages of the older systems of meridian therapies. The real power of Esoteric Acupuncture is to harmonize and strengthen the body systems before a disease stage.

Can the problems of the 21st Century, the Age of Aquarius be adequately handled by solutions developed in the Age of Pisces? Our society is much more complex than only a few years ago. Esoteric Acupuncture was developed to address the complex imbalances of people today and addresses imbalances on the physical, etheric, astral, mental, causal, buddhic, atmic and monadic planes.

The focus is to harmonize and balance energy centres known as chakras (especially the Heart Chakra) and to raise the level of one's consciousness. Esoteric Acupuncture requires that one opens the Heart Chakra to rely on the higher intuitive power of the heart and head chakras, rather than merely relying on the academic left brain.

*"Sharing information and knowledge is an outward movement of Qi, which in turns allows the opportunity for an inward flow, or more Qi. In my own personal growth, I have always found that if I share the most esoteric knowledge and Wisdom I have, that I will always move upward to a higher plateau of knowledge and Wisdom."*

- Discuss the energetics and information stored in each of the seven major chakras, and show the participants a working model of how to treat their clientele.
